

ORTF-3D OUTDOOR SET RENTAL

PROPERTIES

- Plug&Play microphone set for 3D ambience recording
- internal heating allows continuous 24/7 outdoor use
- applications: ambience recording, film sound, etc.
- 3/8"-thread
- incl. case, windscreen and fur, elastic mounting, microphones and cabling
- optional: microphone stand

DESCRIPTION

The ORTF-3D was developed with optimal imaging characteristics in mind. It is part of the SCHOEPS ORTF series, similar to 'ORTF Stereo' and 'ORTF Surround' setups. It features a very precise 360° imaging with a well rounded, natural-sounding spatial impression and a large listening area.

The ORTF-3D setup uses 8 supercardioid studio quality microphones.
